Monthly bulletin featuring RSN Rural Funding Digest & Government Consultations

Welcome to the monthly Funding Digest!

Our usual publications have all been rolled into one weekly Rural Bulletin but we know how useful members find the Funding Digest (previously the Opportunities Bulletin) so we are keeping it as a monthly standalone publication!

Please share with Colleagues, Parish Councils, Community Groups and anyone else that may be looking for funding as the Funding Digest includes many sources of grant funding that they may not be aware of.

The Government Consultation section may include a draft response to relevant rural consultations and also highlights other consultations relevant to rural areas which you may be interested in responding to.

RURAL FUNDING DIGEST

In this month's **Rural Funding Digest** we supply information on many grants and funding opportunities. This edition features a village hall improvement grant fund, details of a community business fund, information on a masonic charitable foundation, church conservation grants, a rural community energy fund, details of a community centres and village halls grants and so much more!

The full Rural Funding Digest can be found [here](#)

GOVERNMENT CONSULTATIONS

In this month's **Government Consultations** we summarise current government consultations of potential interest to RSN members. This month we feature a call for information on community-led housing projects, information about a tailored review of historic England, details of a campaign to achieve the goal of making recycling collections consistent in England and much more!

The full Government Consultations can be found [here](#)
